Modern Slavery Policy

Building Options Limited undertakes a wide range of professional services. As part of our commitment to being professional, ethical and respectful to everyone, we totally support the efforts to eradicate modern slavery.

Modern slavery is a term used to encompass slavery, servitude, forced and/or compulsory labour, bonded and child labour, and human trafficking. Human trafficking is where a person arranges or facilitates the travel of another person with a view to that person being exploited. Modern slavery is a crime and a violation of fundamental human rights.

As part of our modus operandi, we only engage with supply chain members whose ethics and values are aligned to ours. We expect that anyone working for us, on our behalf, or with us on any project, will have a zero-tolerance approach to modern slavery.

The prevention, detection and reporting of modern slavery in any part of our organisation or supply chain is the responsibility of everyone. No one should engage in, facilitate or fail to report any activity that might lead to, or suggest, a breach of this policy.

If we find that individuals or organisations have breached this policy, we will ensure that we take appropriate action. This may include seeking formal advice on the remedy options available, and the possibility of terminating such relationships.

The Managing Director and senior managers give their full support to this Policy and ensure it is communicated and implemented accordingly.
